

## Full Description

Professionally reimaged with 2 master suites.

Located in a friendly neighborhood close to the highly anticipated San Jose BART station, this immaculately reconstructed 5 bedroom, 4 bath home has been completely redesigned to accommodate nearly any living situation. The ground floor master suite is an appealing retreat for visiting family and friends, an ideal private transitional space for a new grad or senior parent, or simply convenient for aging in place. Punctuated by 4 gorgeous, spa-inspired bathrooms, including an ample upstairs master with dual sinks, dual shower heads, soaking tub and makeup vanity, this home is completely move-in ready.

Improvements include new mechanical, electrical, windows, doors, and plumbing, as well as dual-zone heat and pre-prep for HVAC. There's no need to worry about major repair bills with this house!

Bathed in natural light, the great room features a bright and airy gourmet kitchen with a large fireplace and convenient floor-to-ceiling cabinetry. A second-story exposed beam ceiling in the family room embodies a sense of casual comfort which is amplified by the built-in wine bar— with space for a thermoelectric refrigerator—which is perfect for casual entertaining without interrupting the chef.

The home opens to a beautifully appointed formal entertaining space which includes both a dining room and spacious living/reception room featuring floor-to-ceiling casement windows framing a view to the freshly landscaped front yard.

Perfect for everyone, the outdoor space is complete with plentiful parking and a comfortable, low maintenance backyard, and is in close proximity to desirable schools.

You've found your forever home!
